To Whom It May Concern

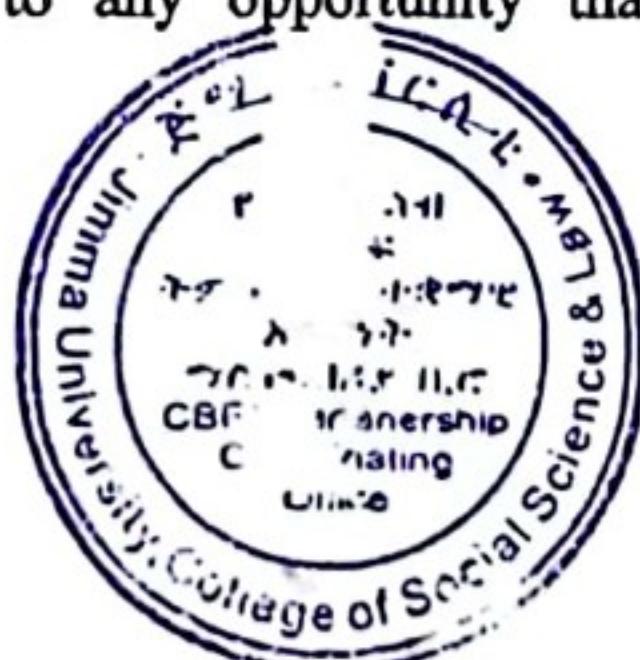

Jimma University is an innovative, national pioneer academic institution where community-oriented training in the form of a series of courses is offered. The University trains high caliber professionals at graduate and postgraduate levels through its appreciated and innovative community-based, team-based and research-oriented educational approaches that are solutions to the societal needs of the country.

Community Based Education (CBE) is a means of achieving educational relevance to the needs of the community. It extensively uses the community as a learning environment for the apparent gain to both students and the community. The strategies adopted to materialize the philosophy of CBE are Community Based Training Program (CBTP), Team Training Program (TTP), Student Research Project (SRP) and Development Team Training Program (DTTP). It is my great pleasure to certify that student Hiwot Keli, who is a graduate of our University, took the course Community Based Team Training Program (CBTP) for three years.

In his stay, he/she has great personal commitment, team work spirit, vigor, perseverance and confidence with highest grade result in CBTP course. Based on my observation, I hereby testify that he/she can coordinate, monitor and evaluate any project. I can confidently confirm that he/she can be a good project manager, take any responsibility in your institution and perform very well in any project works. Wishing best in her future, I strongly recommend Hiwot Keli, to any opportunity that he/she is seeking in your institution.

With Best Regards,

~~Dra. Alemayehu Negash Djibiti~~
