RECOMMENDATION LETTER

I had the privilege of knowing and interacting with Ms. Tinsae Admasu for four years as one of my students during her BSc. Studies at Jimma University, Institute of Technology Department of Architecture and Urban Planning. During her study, I gave her a few courses, including Introduction to Landscape Design, Architectural Design I, Integrated Design Project I, Integrated Design Project IV, Interior Design, and Advanced Landscape Architecture.

To the best of my knowledge, as an instructor and program Ordinator of the Architecture and Urban Planning Department, I observed Ms. Tinsae Admasu as a hardworking young woman with a resourceful and creative approach to handling diverse design projects. During her five years of study, she has undertaken several design projects and proven herself to be a responsible and reliable person who knows how to plan and coordinate her project works and accomplish her duties with utmost care and interest. She has advanced skills in currently used Architectural software and problem-solving skill.

Currently, she is at a good level of professional maturity to implement her technical, innovative, communication, and coordination skills which he assimilated during her course of study in your esteemed organization. Accordingly, I confirm that She is goal-oriented, reliable, and will be one of the most suitable assists for any prestigious institution/organization like yours.

Should you have any questions regarding this recommendation, don't hesitate to contact me in the details

below.
